## Rav Avigdor Miller on UFO's

**Q:**

**Should Jews believe in UFOs, in unidentified flying objects?**

**A:**

And the answer is, this is not a Jewish question. But if you will ask anybody this question, should you believe in UFO's, so the answer has to be no. You believe in it only when it's proven.

It could be there are unidentified objects floating around but if they are manufactured objects, then they come from someplace on this earth. There's no question that somebody on this earth has released them. No objects that are fashioned by intelligence are coming from any other place in space. There are no thinking, intelligent beings in space. You can bet your pants on that.

Now, I'm willing to wager also that there is not even unintelligent life in space anywhere. But that's not a principle of the emunah to say that. If you want to believe there are certain species of elephants someplace in space, go ahead. But no men or no thinking beings are anywhere in space.

And it's as silly as could be. Even according to the evolutionists, man is, *chas v'shalom*, the way they say it man is the result of an unimaginable lucky accident. Billions, trillions of lucky accidents coincided, they say, in order to make man. So you're going to say the same number of lucky accidents happened another time in the history of the world? That's the lunacy of the

**Parshas Toldos: Let's Get Practical**

***Seeing Through Deception***

This week I will work on minimizing the bribe of self-love that is holding me back from making proper judgments about my avodas Hashem. Bli neder I will spend five minutes every day reading Sefer Mishlei [whether in original or translation] and attempt to break through the facade of *קל דרך איש ישר בעיניו* – Every man's path is correct in his own mind. By learning to recognize who I really am, I will come a few steps closer every day to being an ish tam.
