knowing well that you must be a man that has a great humanitarian heart; kindly help my son so that he may be able to leave as soon as possible from Shanghai to the United States.

I sincerely wish that you are in the best of health and I hope that my request to save my boy will be heard by you.

Thanking you, and may G-d bless you and your dear ones for whatever you may do in the matter, I beg to remain,

Very respectfully yours,

Grand Rabbi Isaac H. Taub
