

# PUBLIC NOTICE

**I**t has come to our attention that an individual with a troubled past and a history of deceit and forgery has been disseminating a document purportedly issued jointly by *Ami Magazine* and a non-existent entity in regard to certain *beis din* proceedings.

This "Joint Statement," which unabashedly seeks to tarnish the reputation of the revered Philadelphia Rosh Yeshivah, Rav Shmuel Kamenetsky, *shlita*, and which is complimentary toward the heretical Open Orthodox movement, is a sham and is patently bogus.

*Ami* never issued any document in regard to any *beis din* proceedings, nor does it have any knowledge of the matter at issue.

The individual who fabricated this "Joint Statement" has previously forged the signatures of numerous *gedolei Yisrael*, including the esteemed Roshei Yeshivah of Lakewood. (Because of various considerations and upon the advice of *daas Torah*, this individual's name is not being made public at this time.)

We pray that we all merit to forever be conduits for *haramas keren haTorah* with the coming of Moshiach speedily in our days. Amen.
